

Experienced Irrigation Technician (Victoria)

Ability to earn \$18-\$50/hr through bonuses and benefits. Wage will be adjusted to reflect skills and abilities after working evaluation.

Well established, reputable irrigation company is looking for technicians to service our expanding customer base and is now accepting applications for Full-Time experienced technicians with history of service and installation maintenance. Our company prides itself on quality workmanship, superior customer service, within a positive, respectful and healthy work environment.

In our seasonal industry, you can earn year round continuous income, with secure additional work in the off-season within our sister companies.

Minimum 3 years experience on commercial and residential irrigation systems (spring start ups, winterizations, repairs, additions and new installation). Individual with sound industry experience and the desire to grow and accept supervisory responsibilities would be ideal.

Must Have the Following:

- Effective oral and writing communications skills.
- Able to record detailed information on simple software program of client systems, service work performed and materials used.
- Ability to prioritize and multi task in a fast paced environment.
- Valid Driver's License.
- IIABC certification preferred but not mandatory.
- Asset if you are looking for long term career.
- ❖ Cross Connections certified a bonus.

JOB Benefits:

- Above average wages depending on skill set, experience, work ethic and performance.
- Comprehensive benefits package after 90 day probation period.
- We are willing to invest in dedicated employees, on the job training and certification for individuals that are career oriented.

If you are a team player, personable with great customer service skills, reliable, responsible and neat in appearance. You could grow with this company.
