VANCOUVER ISLAND OWNED AND OPERATED

Pro-West Services Inc. is a full service landscape company located on Vancouver Island. We have installed and continue to maintain systems on some of the nicest properties in the mid-island area. Our company and client base continues to grow each year and we are always looking for individuals who are seeking career positions, dedicated to client satisfaction, an interest in job skills development and who understand the needs of the landscape community.

2017 POSTING: UNDERGROUND SPRINKLER/IRRIGATION TECHNICIAN

Job Description: Working with our irrigation system designer, installation of complete underground systems, technical upgrades, troubleshooting irrigation related problems and field repair work. Experience with residential and light commercial irrigation systems would be an asset but **not** a requirement.

The successful applicant **must** have the following;

- 1) Good communication skills, verbal and written.
- 2) Possess a positive and energetic work ethic.
- 3) The ability to lead a small crew from time to time.
- 4) A general understanding of landscape principles and practices.
- 5) The ability to be a team player as well as be able to work independently.
- 6) Clean cut and presentable at all times.
- 7) Mechanical aptitude is an asset.
- 8) Valid Class 5 drivers licence.

Seasonal employment of 10 months each year, December and January are our "off time". Competitive pay scale and benefits would be negotiable based on experience and the individual. Please send your resume in confidence or questions via e-mail. **No phone calls please.**
